Dr. Kalliwoda Research GmbH

JENOPTIK AG participated for the second time (17th January 2013 and 15th January 2014) in the "Dr. Kalliwoda Capital Markets Conference" which was hosted in Warsaw and attracted wide interest on-site.

Both Capital Market Conferences enabled the company to get to know key Polish investment and pension funds in one-on-ones and group meetings. These meetings were marked by a pleasant atmosphere and professional conversations. We thank Dr. Kalliwoda for the very good organization and look forward to maintain this business relationship.

Dr. Kalliwoda Research GmbH was founded in 2003 as an independent research firm. It has been organizing international road shows and own capital market conferences since 2004. Since 2010 Dr. Kalliwoda Research GmbH has also been active in Poland and hosted the Capital Markets Conference which takes place twice a year and allows foreign companies to get access to the Polish capital market.

Best regards

JENOPTIK AG
