Dear Mr Kalliwoda,

mVISE AG has been participating in Dr. Kalliwoda capital market conferences for several years and has met

several interesting investors in the context of individual discussions and some group meetings.

We also participated in a digital investor meeting during the COVID 19 pandemic in

April 2020 as a replacement for the traditional 5th Kalliwoda-Amsterdam Conference. All

Events were professionally organised by Kalliwoda Research.

The investors of Dr. Kalliwoda and his network help us to expand the investment horizon of
to extend mVISE.

We are looking forward to continuing the investor conferences and roadshows with Kalliwoda
Research in the near future,

Manfred Götz

CEO, mVISE AG
